

Newsletter Friday 17th January 2025

Dear Parents and Carers,

This week the children have loved our Space theme, especially the rockets which for some reason we have an absolute abundance of! "54321 Blast off" has been a constant echo around the preschool. The children have taken on the role of astronauts in our shiny space suits and been busy controlling the rockets from the space station. Following the children's schema in enveloping, we've set up dark dens for mark making with torches. Exploring light and shadows further, the children have investigated how shadows are made and how light moves, all around the preschool. With a tuff tray standing up, the children practised drawing rockets patterns vertically, which is great for building children's core and arm strength, ready for sitting and writing with a pencil and paper. We always love getting messy at preschool, we've had moonsand, puffy paint and drying textured paint where the children made craters like the moon.

We have the final draft of our Ofsted report and we're just waiting for it to officially land on the Ofsted website and I'll email it out.

Keep checking out our social media pages and please give them a LIKE! [Facebook](#) and [Instagram](#)

Next week our topic is 'Bears,' as 18th January is Winnie The Pooh Day and AA Milne's Birthday.

Important Dates

Spring Term
