

The Children's Workshop

E-SAFETY POLICY

ICT and related technology such as email, the internet and mobile devices are an expected part of our daily working life. This policy is designed to make sure that all staff are aware of their professional responsibilities when using any form of ICT. All staff are expected to read and understand this policy and adhere at all times to its content. If you have any concerns or need clarification you can talk to Sarah Maynard. The Children's Workshop - E-safety lead.

- All staff must comply with the ICT system security and not disclose any passwords provided by the Manager.
- Staff are responsible for all activity carried out under their username.
- Staff must only use the setting's email/internet for professional purposes.
- Staff must only use the approved secure email system for any setting business.
- Staff must not install any hardware or software without the permission of the Managers.
- Staff must not browse, download, upload or distribute any material that could be considered offensive, illegal or discriminatory.
- Staff must understand that personal use of the Internet and other related technologies can be monitored and logged and be made available, if requested as part of any investigation.
- Staff must respect copyright and intellectual property rights.
- Staff should only take, securely store and use images of children, young people or staff for professional purposes in line with the setting's policy and with written consent of the parent, carer or staff member. Staff should not distribute images outside the setting without the permission of the parent/carers, member of staff or manager.
- Staff should make sure that their online activity both inside and outside the setting will not bring their professional role and the settings reputation into disrepute.
- Staff must support the setting's e-safety policy and help children to be safe and responsible in their use of ICT and related technologies.
- Staff must report any incidents of concern regarding children's safety to the e-safety Sarah Maynard (Manager, DSL) or Shardelle Frost (Deputy Manager, DDSL)
- Staff must understand that sanctions for disregarding any of the above will be in line with the setting's disciplinary procedures and serious infringement may be referred to the police.
