

Friday 4th March

This week we have immersed ourselves in the world of books and stories. Our older children have had a trip to Molesey library where they selected books and got comfy on the cushions as they looked at them, joined together on the carpet for a story and used the machine and a library card to borrow books to bring back to Preschool. The children have impressed us with their behaviour whilst at the library and also on our walk down. They were able to talk about road safety and also had a good understanding of how to keep safe inside the library. We are incredibly lucky to have the library so close to us and will be arranging another trip next term. The library often host children's events so keep an eye on their social media pages to see what's coming up.

We would like to say a huge thank you to the parents who have come in to share some favourite books from home. The children are always so excited when their parent or carer comes in to help and it's a great way for you to get a peek at your children in their preschool environment. If you have any skills or hobbies that you would like to come in and share with the children then please do let us know!

We loved seeing the children dressed as a book character for World Book Day on Thursday. We enjoyed a day of stories and book themed activities. Each child has been given a book token which can be exchanged for a special World Book Day book. We have tokens for children who did not attend on Thursday, nobody misses out!

Our theme this week has been Supertato. The children have been busy mashing the evil peas, drawing faces on potatoes and working hard at Supertato HQ. When reading the books there has been lots of talk about how to help and doing the right....or wrong thing. Supertato has been a real superhero!

CCTV at the Scout Hut

The Scout group have CCTV recording outside the hut at the front and side of the building 24hrs a day. There is a sign up at the front gate to notify parents and they are informed in writing. The CCTV is for the purposes of crime prevention and theft with no audio. The system is in a locked room per ICO guidance and three people with an up-to-date DBS have access to the system which is password protected. The scouts are registered with the ICO.

Value of the Month

TRUST

Trust is about feeling comfortable with someone, believing that they will do the right thing and look after us. Emphasise that trust has to be earned. As you become better friends with someone, you will trust them more and your friendship will become closer. You should be able to trust your friend with things that are precious to you. When we give our trust to someone, we are confident that they won't hurt us and that they will be honest with us.
